2013

It is with great pleasure that I write this letter describing my stay at the North American Academy of Piping and Drumming. I recently was awarded your scholarship to attend this school from July 21 - 27, 2013. This was such an amazing opportunity for me to learn so much from some of the best instructors in the world. The instruction that I received was great and helped me out a lot for being a beginner. The instructors took their time and really worked well with me knowing that I am a beginner. Their patience level was high and awesome. The other students that were there, some of which have attended before, were very friendly and accepted me like family. I believe I have made some lifelong friends and that was great.

The whole package was unbelievable...the stay, the accommodations, the instructors, and the view were incredible. I never knew there was ever a place so peaceful and beautiful. It was surely a blessing from God that I had the opportunity to attend. I want to thank you from the bottom of my soul for allowing me to receive this honor and making my dreams of becoming a good piper possible. Attached you will find some beautiful pictures of the campus and the views seen there as well as me playing the bagpipes and practicing.

Thank you again for all your help. There is a place in heaven for people like you. Have a great day and God Bless you all.

Sincerely,
Joseph (Joey) Moran
